CONSTRUCTION

Sew all rights sides together with \(\frac{1}{4}\)” seam allowance.

- Construct HST from pairing (2) 2 7/8’ squares using the 2 at a time method.

2/Time Half Square Triangle Method:

- Place squares right sides together. Mark the diagonal, then mark \(\frac{1}{4}\)” on either side from the diagonal. Sew on the \(\frac{1}{4}\)” lines. Cut the square in half on the original diagonal mark. Press towards the darker fabric. (see diagram 1)

- Then, square your HST. Take a ruler and trim the sides so that they measure as perfect 2” squares, keeping the ruler’s 45° degree line aligned to the HST seam.
- You will take your HST 2” squares and the 2’ squares and sew them together to make the swan heads. Follow diagram 2 as a guide to attach them in the right order.
- Now attach the 11” X 5” Rectangles to each edge of the swan heads block. Then cut a square template of 11 1/2’.
- Center the template on the swan heads block on a 45° angle and cut the excess see (diagram 2).
- Finally sew the 8 7/8’ x 8 7/8” 45° Triangles on each end of the new 11 1/2” square block.
- Smooth or iron your pieced pillow top on top of the cotton batting, and safety pin together. Quilt with your chosen design. It’s up to you! After quilting trim off excess batting.
ASSEMBLY

Sew rights sides together.

- These pillows have an envelope style back.

- Lay your pillow top right side facing up and layer the back pieces on top, right sides facing down. Make sure the hemmed edges are overlapping each other and match the top and back edges together.

- Pin and sew together at ½” seam allowance.

- Flip right side out, making sure the corners are turned out nicely and stuff with your 16” pillow forms.

- Congrats! Time to snuggle up with your new pillows!
