**Fabric Requirements**

- Fat Eight of HRT-95300
- Fat Eight of HRT-95308
- Fat Eight of HRT-95305
- Fat Eight of HRT-95309
- Fat Quarter of PE-408

**For Backing and Binding Fabric**

1 YD of PE-407 (Suggested)

**Cutting Directions**

- Cut 10 (ten) 3” by 3” squares of HRT-95309
- Cut 10 (ten) 3” by 3” squares of HRT-95300
- Cut 10 (ten) 3” by 3” squares of HRT-95308
- Cut 10 (ten) 3” by 3” squares of HRT-95305
- Cut 24 (twenty-four) 3” by 3” squares of PE-408

**Construction**

Take five (5) squares of HRT-95305 and cut them diagonally HST
Take six (6) squares of PE-48 and cut them diagonally HST
In order to create the HST grab one already cut piece from HRT-95305 and one piece from PE-408 and one piece from PE-408 and sew them together as explained in DIAGRAM A

Repeat this step 12 times. You will end up with 12 HST

Once all the HST are created, get the last 4 (four) HRT-95305 and start creating the blocks as explain on DIAGRAM B

Make Half Square Triangles 3 more times with HRT-95305, HRT-95300 and HST95305.
Once the three blocks are completed, it is time to attach them together, as explained in DIAGRAM C
**QUILT ASSEMBLY**

*Sew rights sides together:*

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTLING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**BINDING**

*Sew rights sides together:*

- Cut enough strips 1 1/2" wide by the width of PE-408 to make a final strip 180" long. Fold strip in half and press. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down with the fold edge of your binding facing in and leaving an approximated 5" tail. Sew with 1/4" seam allowance (using straight stitch), aligning the strip's raw edge with the quilt top's raw edge.
- Stop stitching 1/4" before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3).
- Start sewing at 1/4" of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to 1/4" and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.

**NOTE:** While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
