CONSTRUCTION

Sew all rights sides together with 1/4" seam allowance.

FRONT

- Start with pairing fabrics H, L, G, J, B, K, H, E, L, J
- Place quilting batting on the wrong side of the piece
• Now, before you cut all the shapes, make sure to first place for each F8 a steam-a-seam fusible, so when you cut all the pieces, they are ready to be ironed to the base of the clutch.

• Once you have your pieces cut out, follow the diagram below for the first part of your clutch.

*Remember, you can always change, flip and/or modify the sizes and colors of the pieces.*

• Hand stitch the beads on the Fabric L squares, Fabric M, I and J leaves.

• Use decorative thread to handstitch the black decor you see in diagram above.

• In order to secure the Circle1 and Circle2 pieces, top stitch on the corner with a matching thread.
Before you start placing the other pieces on the rest of the clutch, take Circle5 pieces and cut them in half, in order to have a total of 4 half circles.

Now, follow Diagram below:

Top stitch the applique with matching thread.

Zipper Construction

Insert your zipper foot:

- Take lining and front clutch and sandwich them in between your 12” zipper.
- Using a zipper foot sew as close to the zipper teeth as possible.
- Sew the two pieces of fabric with right sides together with the zipper sandwiched in between the two pieces of fabric (Diagram 5.1 and 5.2).

Press fabric away from zipper and edge stitch the seam allowance to the lining sewing as close the edge as possible.

Repeat process for the other side of the zipper using your other lining piece and back clutch.

Unzip zipper. Take the two fronts of the clutch and pin right sides together.

Take the lining pieces and pin right sides together.

Now you can sew all the way around leaving the bottom portion of the lining of the clutch, that way you don’t damage your applique.

Pull right side of the fabric through the unsewn portion. Hand stitch or machine stitch unsewn portion closed.

Press and enjoy!!!
