**BACKING FABRIC**

IFL-46307 1 yd. (Suggested)

**BINDING FABRIC**

IFL-56304 (Fabric I) (included)

**CUTTING DIRECTIONS**

¼" seam allowances are included.
WOF means width of fabric.

From all Fabrics Cut:

- One (1) 3 ½" x WOF strip
- One (1) 3 ½" x 10 ½" strip

Fabric I

For Binding cut four (4) 1 ½" x WOF strips

**CONSTRUCTION**

Sew all rights sides together with ¼" seam allowance.

- Sew the strips together into two sets: a WOF set and a 10 ½" wide set.
- Sew the strips in the following fabric order:
  - K > E > A > I > G > C > H > J > F > B > D
- Press and cross-cut the strip sets every 3 ½" inches to get 15 strips total (12 from the WOF set and 3 from the 10 ½" set).
- See Diagram 1.

- Set 10 strips aside for columns 6-15. Take the remaining 5 strips and pick apart at the following places to create the rest of the columns.
  - Fabric K/E seam to get C5 & C20.
  - Fabric A/I seam to get C4 & C19.
  - Fabric G/C seam to get C3 & C18.
  - Fabric H/J seam to get C2 & C17.
  - Fabric F/B seam to get C1 & C16
- Assemble Columns together as shown in diagram 2 on the following page.
- Press and trim the tablerunner to 20" x 60". (Diagram 3.)
• When sewing columns together make sure to refer to this Assembly Diagram to make sure blocks are aligned correctly.
**QUILT ASSEMBLY**

* Sew rights sides together:

Cut your yard of Backing fabric in half width-wise and sew top to bottom to get a piece of fabric approximately 22” x 70”. Press and spread face down.

Place BATTING on top of backing fabric.

Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.

Pin all layers together with safety pins.

We recommend this table-runner be hand-tied instead of machine quilted. Tie the quilt together with decorative thread by sewing through all layers and knotting in the center of each 3” square.

Trim excess fabric or batting, squaring the table-runner to proceed to bind it.

---

**BINDING**

* Sew rights sides together:

- Sew your 1 ½” wide binding strips together to make a final strip 170” long. Fold strip in half and press. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down with the fold edge of your binding facing in and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.

Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3).

---

Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.

Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).

Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.

---

**NOTE:** While all possible care has been taken to ensure the accuracy of this pattern. We are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
