CONSTRUCTION

Sew all rights sides together with 1/4" seam allowance.

- Start with the center block of the tablerunner. Join fabric C and D strips facing right side.
- Once you sew them together press and place them diagonally on top of fabric A 10 1/2’ x 4 1/2’ rectangle.
- Follow the diagram below to cut the new shape properly.
- Repeat three more times with the other corners of the rectangle.

DIAGRAM 1
Now start with the sides.

Join fabric k and F strips right sides together.

Place the strips diagonally on top of fabric B 4 1/2” square facing right sides together. (refer to diagram).

Stitch at 1/4” and trim excess fabric. (remember to trim the fabric leaving a perfect 4 1/2” square.

Attach fabric G triangle using the same technique.

Use the 3 1/2” x WOF rectangle to attach it to one of the corners of the 4 1/2” square.

Trim excess fabric.

Attach fabric K 4 1/2” x 1 1/2” strips.

Your final shape should look like the diagram below.
Repeat the same process using fabric B 4 1/2" x 3 1/2" rectangles.

Remember to use fabric I strips.

Your blocks should now be rectangles of 4 1/2" x 3 1/2".

After you finish creating the new blocks you should be half way through finishing the table runner.

Refer to the diagram below to double check if you have everything correct.

Great! you are almost done with the table runner.

It’s time to use all the templates you cut to shape the triangular corners.

The templates below are numbered, this will make the process even easier for you!

They might not look completely triangular. Trim the patchwork using a roler cutter and a ruler to perfect your triangle.

Use the fabric A 1 x WOF strips to create the outer edges around the triangular corners.

A nice touch to your table runner would be adding two tassels in each point. You can create them with embroidery thread or look for them in any fabric supply shop.

It’s time for some fun! using steam- a- seam paper fusible for the applique placement.

Refer to the picture above or the diagram below for the proper placement. Remember that you are free to decorate the tablerunner however you want!
FINAL ASSEMBLY

Sew rights sides together.

- Place BACKING FABRIC on top of the right side of your table runner.
- Pin both layers together and stitch at a 1/4" seam allowance.
- Leave a small opening and flip right side out, making sure the corners are turned out nicely.
- Hand stitch the opening and your table runner should be ready, enjoy!
