- **QUILT ASSEMBLY**

  *Sew rights sides together.*

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed with the backing.

- Attach everything together and use a medium to heavy weight fusible interfacing or batting to give stability to your placemats.
- Attach the your fabric backing (we used fabric C) and give it a quilt motif and voila! you are done!
FINAL ASSEMBLY

Sew rights sides together:

• Place your placemat front side over the backing fabric.

• Cut the same shape for backing.

• Place BACKING FABRIC on a large surface wrong side up. Stretch it against the front of your placemat.

• Attach with ¼” seam allowance right sides facing together, leave a 4 to 4” opening and flip right side out, making sure the corners are turned out nicely and finally your 11 x 22” placemats should be ready! Enjoy!
