Cutting Directions

Construction

Sew all rights sides together with ¼” seam allowance.

- Take one (1) 12½” x 6½” rectangles from fabrics C and D, and four (4) 6½” X 6½” squares from fabric A.
- Do two flying geese:
  - Take one rectangle, and align it to the side with one square, placing them face to face.
  - Stitch on the diagonal line.
  - Trim at ⅛” from the stitch.
  - Open and press.
  - Repeat the same process on the other side of the rectangle with another square.

- Take two (2) template a from fabric A and two (2) template b from fabric B.
- Join template a to template b and then the resulting pieces to each other.

- Join the resulting pieces to finish your pillow top.
PILLOW TOP ASSEMBLY

Sew rights sides together:

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the pillow top.

CREATING THE BACK PILLOW

- To make a envelope back for your pillow take two (2) 16” x 17” rectangles from fabric A and fold ½” on one 25” side and press.
- Fold another ¼”, press, and top-stitch as close to the edge as possible.
- Place rectangles right side together on top of each other to the front of your pillow and stitch all the way around your pillow at ¼” seam allowance.
- Clip corners at seam allowance and flip piece to the right side of the fabric.
- Fill pillow with a 27” x 17” pillow form and enjoy!
