CUTTING DIRECTIONS

¼" seam allowances are included.
 WOF means width of fabric.

- One (1) 36" x 14" rectangle from fabric **A**.
- One (1) 36" x 14" rectangle from fabric **B**.
- Two (2) 5½" x 4¾" squares from fabric **B**.
- Two (2) 5½" x 2½" rectangles from fabric **B**.
- Two (2) Top Flap templates from fabric **C**.
- Four (4) 20" x 1¼" strips from Kraftex (Back straps).
- Two (2) 12" x 1¼" strips from Kraftex (Front strap).
- Two (2) 7" x 1¼" strips from Kraftex (Front bottom strap).
- Four (4) 9" x 1¼" strips from Kraftex (Back bottom strap).
- One (1) 11½" x 6½" rectangle from Kraftex.

CONSTRUCTION

Sew all rights sides together with ¼" seam allowance.

INVERTED BOX STITCH POCKET

- Before creating the inverted box pleat pocket, quilt both 5½" x 4¾" squares from fabric **B** as desired.
- Now, mark out the pleat with a water soluble pen:

DIAGRAM 1

- Next, press the pocket fabric at the fold. When folded, the marked lines will stack on top of each other.
- From the top, sew about 1½" down at where the lines are marked and from the bottom, sew about 1½" up.

DIAGRAM 2

- The pocket fabric should look like this after the above steps.

DIAGRAM 3

- Press the pleat down such that it is spread evenly down the middle.

DIAGRAM 4

- Serge or use zigzag stitches around all edges of the pocket.
- Press the pocket hem and sew using straight stitch along the hem.
- Then, press the other edges of the pockets in, add a small binding, and top stitch around the pockets.
- And your inverted pleat pocket is done.

DIAGRAM 5

- For the pockets placement, measure about 6" from the edges to the center of the main fabric **A** and 1½" from the bottom up. That will be your pockets placement.

DIAGRAM 6

- For the pocket flap from fabric **B** measure about 1½" from the bottom up in order to sew the velcro piece.
- Place the velcro, wrong side facing down.
- Sew the edges of the velcro and sew a small X.
- Repeat the same for the other pocket flap.

DIAGRAM 7

- Measure and mark about ½" up from the pocket in order to sew the pocket flap
- Place the pocket flap facing the velcro up and sew at the edge of the flap.
- Fold the flap down, press and steam on the edge.
- Repeat the same procedure for the other pocket

DIAGRAM 8

- Now, take your main fabric, already with your pockets attached and fold it right sides facing and stitch on the edge.
- Set aside

DIAGRAM 9

CREATING THE TOP FRONT & BACK STRAPS

- Take two (2) 20" x 1¼" kraftex straps, pair them one on top of the other and pin.
- Mark and cut an angular corner on one end of each strap.
- Then, measure up to 1" from the angular edge up and mark six (6) holes every ½", then punch holes with an awl.
- Stitch the strap all around the edges.
- Repeat the same process for the other 20" x 1¼" and the 12" x 1¼" strap.

DIAGRAM 10

CREATING THE BOTTOM FRONT & BACK STRAPS

- Take two (2) 9" x 1¼" Kraftex strips, lay them on top of each other, pin together and top stitch all around.
- Use a triple stitch if you are using regular thread so that it will pop out and look like a professional top-stitch.
- Thread strap through belt buckle and fold in about 1".
- Use the awl to punch a hole in the center of the strip at the fold line and insert the buckle
- Fold it in half over the buckle.
- Stitch the edge for closure.
- Repeat the same process for the remaining 9" x 1¼" kraftex strips and the two (2) 7" x 1¼" strips.

DIAGRAM 11

STRAP PLACEMENT

- Flip the piece and make a mark on the bottom edge of the center of your piece, where your strap will be placed.
- Pin the strap.

- Now, measure up to 3½" from the center back to mark and pin your bottom back straps.

- Pin both straps.

DIAGRAM 12

- Now, take your 11¼" x 6½" kraftex bottom piece and pair it with your main piece, wrong side facing out.
- Stitch around close to the edge, making sure your attaching the straps as well.
- Flip inside out.
- Now you should have your body with the bottom straps attached with the bottom piece.

DIAGRAM 13

- Now, take your top flap pieces and place them one on top of the other, wrong side facing, adding a layer of batting.
- Stitch all around leaving a small opening on the top part of the flap.
- Flip inside out.
- Press and steam.
- Now, take the top flap, the 10" Kraftex strap, the pointed edges strap (already topstitched as instructions above) and pin it following the diagram below.

DIAGRAM 14

- Now, take the 12" strap and place it at ½" from each side of the pointed edge strap
- Pin both pieces
- Take your main piece and place right side facing up, the ends of the two 20" straps and your flap pinned with the strap pieces facing down, laying on the back side of the main piece as diagram below

DIAGRAM 15

Sewing the Lining to the Exterior

- Place exterior of bag inside lining making sure right sides are touching.
- Pin lining to the exterior of the bag and sew all the way around the top of your bag at ½" seam allowance.
- Pull exterior of bag through the unsewn portion in the lining. Handstitch or machine stitch unsewn portion closed.
- Once assembled all the pieces, cover the rough edges by placing a binding of desired color fabric.
- For your final step, you have the option to do a top stitch of the front strap with the flap so its more secured.
- Just top stitch a small 1" x ¾" square and an X in the middle buckle closed and your done!
