BACKING FABRIC
PE-408 1 yd (Suggested)

BINDING FABRIC
LPC-2421 (Included)

CONSTRUCTION
Sew all right sides together with ¼" seam allowance.

- Start by pairing Triangle Template from Fabric A with Template 2 from Fabric B.

- Now, pair Template 2 from Fabric F with Template 2 from Fabric A. Then rotate the piece as diagram below.

  Note: make sure you cut your Template 2 from Fabric A placing your template vertical so your stripe print becomes diagonal when sewing.

- Now, with your F-A hexie piece, pair one Template 2 piece from Fabric E on the left side, and one Template 2 from Fabric H on the right side.

- Then, take one Template 2 piece from Fabric D and place it on top of fabric E Template 2 piece as diagram below and one Template 2 piece from Fabric G on top of Fabric H as diagram below.
• Now, take Template 2 from Fabric C and place it on top of F-A piece as diagram below.

DIAGRAM 5

• Then, place your A-B Triangle piece and place it on top.

DIAGRAM 6

• Repeating the same instructions as above, assemble your second triangle with fabrics templates 1 and 2: C, I, J, K, L, M, N, O

DIAGRAM 7

• Now, pair both triangle hexie pieces as diagram below

DIAGRAM 8

• Now, apply you piece on your 34” x 34” square from Fabric P.

DIAGRAM 9

• Find your center and in order to have a clean applique, without rough edges, fold your edges inside, pin the piece around and make a top stitch as close to the edge as possible.

• Quilt your piece as desired

DIAGRAM 10

• Now take one strip of Fabric C and trim the edge at a 60 degree angle on one side.

DIAGRAM 11

• Repeat the same for Fabrics H, O, I, Q, R, S strips

DIAGRAM 12

• Now, take Fabric C and H strip and pair them together as diagram below.

DIAGRAM 13

• Repeat the same process for strips H-R, O-S, Q-I

• Now, place your color strip parallel to your diamond as diagram below.

• Measure about 1 ½” from the diamond,

• Measure 1” from your first strip and place your other strip.

DIAGRAM 14
**QUILT ASSEMBLY**

*Sew rights sides together.*

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the tablemat to proceed to bind it.

**BINDING**

*Sew rights sides together.*

- Cut enough strips 1½" wide by the width of the binding fabric. Start sewing the binding strip in the middle of one of the sides of the table mat, placing the strip right side down and leaving an approximated 5" tail. Sew with ¼" seam allowance (using straight stitch), aligning the strip's raw edge with the quilt top's raw edge.
- Stop stitching ¼" before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the table mat from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼" of the border, stitching all the layers. Do the same in the four corners of the quilt.

NOTE: While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
