Additional Materials

- Steam-a-Seam double side fusible tape
- Jump rings
- Jewelry chain
- 2-in-1 jewelry plier/cutter
- Hook Earrings

CUTTING DIRECTIONS

¼" seam allowances are included. WOF means width of fabric.

- One (1) Template 1 piece from Fabric A
- One (1) Template 1 piece from Fabric C
- One (1) Whale animal from fabric B
- One (1) Whale animal Template 1 piece from Fabric C

CONSTRUCTION

- Start by taking your fabric A cutout piece and place steam-a-seam fusible tape on the wrong side of the fabric.
- Steam (following the steam-a-seam instructions)
- Remove the paper and place your Fabric C piece, wrong side facing
- Place some fabric before you steam because of the faux leather quality.

- Now, take your Whale animal shape from your Fabric B and repeat the same instructions as your other earring

Creating your Earrings

- Measure the distance on where you need to insert a thick paper clip needle in order to create your holes at the top
- In this case, the Whale piece hole is placed ¼" from the edge, left as in the diagram below.
- For the other earring, make two holes

- Take your Whale earring and insert a metal ring with your jewelry plier.
- Take a 1" metal chain and insert one edge to the metal ring.
- Close your metal ring.
- Now, take your hook earring and attach it on the other end of the metal chain.

- Take your other earring and insert a metal ring on each hole with your jewelry plier
- Take a 3¼’ metal chain and insert one edge to the metal ring and attach the other end on the other metal ring.
- Close your metal ring.
- Now, take your hook earring and find your middle point on the metal chain and insert your metal hook. Enjoy your Ocean Breeze Earrings!
NOTE: While all possible care has been taken to ensure the accuracy of this pattern, we are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
