DIAGRAM 1

- Attach the eyes (We suggest that you use felt and interfacing, and stitch it around) and for heart shape nose use template V, and Zig zag stitch around it.

DIAGRAM 4
• For the ears place fabric with right side together and place batting in between, sew around except for the bottom which allow you to flip it to the right side. Do this step for template L and R.

• Pin the ears matching the notches of the pattern by the top face and place template Z1 on top and sew all around it. Leave a little space open, in order for you to flip it to the right side and stuff it with pillow fill.
• Stuff the head with pillow fill and close the opening by hand.
NOTE: While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies.
