CONSTRUCTION

Sew all rights sides together with ¼” seam allowance.

• Begin by making the HST that are needed for the construction of the quilt top blocks.

• Start by taking twenty four 6 3/8” squares from fabrics A & B

• Using a water-soluble marker, mark a diagonal line across the wrong side of the twenty four squares from fabric A

  A

  B

  MARK HERE

  DIAGRAM 1

  • Place one of the marked squares (fabric A) right sides together, with an unmarked (fabric B) align them.

  • Sew ¼’ on both sides of the marked line.

  • Cut piece in half along the drawn line. Press seams open.

  • Repeat until you have a total of forty-eight AB HST.

  • There are other HST combinations that still need to be made for the block construction.

  • Follow the following chart for HST combinations, size and quantity.
ASSEMBLING THE TOP

Sew all rights sides together with 
¼ seam allowance. Press open.

• Now you are ready to start the block construction.

• Take two HST AF and AE pair them up and stitch each pair together in order to create a flying geese with each.

• After you are done with the flying geese attach AF on top of AE.

• There are four different rows needed for the block construction, each row is made out of a different combination.

• Row 1: Take two AB 3 ⅞" HST, two AD 3 ⅞" HST and two 6½" x 3½" rectangles from fabric A.

• Attach them in the order AB-A-AD-AD-A-AB

• Row 2: Take two AB 6 ⅞" HST, two 6½" x 3½" rectangles from fabric A and the Flying Geese shown in DIAGRAM 3

• Attach them in the order AB-A-FG-A-AB

• Row 3: Take two BC 6 ⅞" HST and two AB 6 ⅞" HST.

• Attach them in the order BC-AB-AB-BC

• Row 1: Take two BD 3 ⅞" HST and two 9" x 3½" rectangles from fabric B.

• Attach them in the order B-BD-BD-B

• Attach the rows together in the order: R1-R2-R3-R4

• Repeat the previous steps to make a total of twelve blocks.

ASSEMBLING THE TOP

Sew all rights sides together with 
¼ seam allowance. Press open.

• Follow the cover picture as a reference for block placement.

• Start attaching four rows of three blocks each.

• Then stitch two of the 3½" x WOF strips from fabric D and repeat the same attachment with the other two.

• Sew the rows and long strips in the following order: row-strip-row-row-strip-row.

• For the strip attachment measure through the center of the row and determine the width and trim the excess fabric from each edge.
**BINDING**

*Sew rights sides together.*

- Cut enough strips 1½" wide by the width of the fabric to make a final strip 310" long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5" tail. Sew with ¼" seam allowance (using straight stitch), aligning the strip's raw edge with the quilt top's raw edge.

- Stop stitching ¼" before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).

- Trim seam to ¼" and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.

Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
