**BLOCK CONSTRUCTION**

Sew all rights sides together with ¼” seam allowance. Press open.

- Using an erasable fabric marker start drawing a diagonal line on the wrong side of each 7⅞”, 5⅞”, and 3⅞” from fabric I square.
- Now that all the squares from fabric I are marked, take sixteen (16) 7⅞” squares and place them on top of the other 7⅞” squares from fabrics A-H right sides together.
- Sew ¼” on both sides of the marked line.
- Cut apart on the diagonal line, you should end up with a total of thirty-two (32) 7 ½” half-square triangles.

**ASSEMBLING THE TOP**

Sew all rights sides together with ¼” seam allowance. Press open.

- Repeat the previous steps with the 3 ½” blocks.
- Take one 3 ½” x 4 ½” rectangle from fabric J and sew it to one side of a 3 ½” square.
- Then take a 4 ½” x 7 ½” rectangle from fabric J and attach it to an adjacent side to make a small block.
- Repeat the previous steps with all the 3 ½” squares in order to complete a total of 32 small blocks.

- Repeat the previous steps with the 3 ½” blocks.
- Take one 3 ½” x 4 ½” rectangle from fabric J and sew it to one side of a 3 ½” square.
- Then take a 4 ½” x 7 ½” rectangle from fabric J and attach it to an adjacent side to make a small block.
- Repeat the previous steps with all the 3 ½” squares in order to complete a total of 32 small blocks.

- Using the same technique, place a 5 ½” marked square from fabric I with a same size 5 ½” square from fabrics A-H.
- Make a total of (32) 5 ½” units. Repeat with the remaining 3” squares for a total of (32) 3 ½” units.
- Now that all of the half square triangles are sewn together it is time to construct the blocks.
- The 7 ½” squares will be a block, so set them aside.
- Take one 2 ½” x 5 ½” strip from fabric J and sew it to one side of a 5 ½” square.
- Then take one 2 ½” x 7 ½” strip from fabric J and attach it to an adjacent side of the unit, as shown in the diagram below to make a medium block.
- Repeat the previous steps with all the 5 ½” squares in order to have a total of 32 medium blocks.

*Note: Blocks can be turned in any direction, mixing sizes within the row for variety.*

**QUILT ASSEMBLY**

_Sew right sides together._

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finish, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**BINDING**

_Sew right sides together._

- Cut enough strips 1½” wide by the width of the fabric to make a final strip 33¼” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximate 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.

- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself by marking with a pencil if the crease is difficult to see).
- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
