Please take special care in the cutting instructions because for the COLOR OPTION version, fabrics A&E merge. Please refer to the COLOR OPTION image for fabric placement.

NOTIONS

- Ruler 6" × 24"
- Rotary cutter with new blade
- Zipper plastic bags
- Marking pencils (light & dark)

CUTTING DIRECTIONS

All strips are cut width of fabric (WOF).

LARGE TRIANGLES (cut strips WOF 4½" wide)

- To subcut into triangles, open each strip to one layer. Draw a line 2" from one selvage edge.
- On one cut edge measure along the edge from the marked line 7 ¾" (halfway between 7 ½" and 7 ¾") and mark the cut edge. Repeat marking that edge at 1 ½" intervals the length of the fabric.
- On the opposite cut edge measure from the originally drawn line and mark that edge in 1 ½" intervals the length of the fabric.
- Using a rotary cutter cut from the edge of the fabric strip starting at the drawn line diagonally across the strip to the first marked spot.
- The second cut is from that exact point diagonally across the strip to the next marked point on the opposite side of the fabric.
- Continue cutting diagonally the length of the strip, producing 4 large triangles and 2 end pieces. The ends will be used as half triangles for the dropped rows. As you finish cutting each fabric, place in a marked zipper bag.
**SMALL TRIANGLES** (cut strips WOF 2½" wide)
Before cutting the small triangles, press each fabric with a sharply pressed center fold. Then cut all strips 2½" wide.

- From the fold, measure up one side 4¼" and mark.
- From that mark, on that cut side of the fabric, measure in 8¼" increments to near the end of the fabric.
- On the opposite cut edge, from the folded edge measure in 8½" increments to near the end of the fabric.
- With the rotary cutter, cut from the folded edge to the opposite diagonal mark, continuing as with the large triangles, the length of the strip.

Each fabric should be cut into the following number of strips and subcut into the following number of triangles and then each stored in a marked zipper bag:

- **Fabric A**
  - Cut 3 strips (4½" wide), subcut into 12 large triangles
- **Fabric G**
  - Cut 5 strips (4½" wide), subcut into 20 large triangles and 8 large half triangles
  - Cut 7 strips (2½" wide), subcut into 48 small triangles
- **Fabric B**
  - Cut 7 strips (2½" wide), subcut into 44 small triangles and 8 small half triangles
- **Fabric H**
  - Cut 6 strips (4½" wide), subcut into 24 large triangles
  - Cut 7 strips (2½" wide), subcut into 48 small triangles
- **Fabric C**
  - Cut 10 strips (2½" wide), subcut into 68 small triangles and 8 small half triangles
- **Fabric I**
  - Cut 5 strips (4½" wide), subcut into 20 large triangles and 8 large half triangles
  - Cut 7 strips (2½" wide), subcut into 48 small triangles
- **Fabric D**
  - Cut 7 strips (2½" wide), subcut into 44 small triangles and 8 small half triangles
- **Fabric J**
  - Cut 6 strips (4½" wide), subcut into 24 large triangles
  - Cut 7 strips (2½" wide), subcut into 44 small triangles and 8 small half triangles
- **Fabric K**
  - Cut 3 strips (4½" wide), subcut into 10 large triangles and 4 large half triangles
  - Cut 4 strips (2½" wide), subcut into 22 small triangles and 4 small half triangles
- **Fabric E**
  - Cut 7 strips (2½" wide), subcut into 48 small triangles

**FOR BORDERS CUT**

**Inner Border**
- Cut 9 (nine) 1½" strips WOF from fabric D and sew end to end.

**Outer Border**
- Cut 4 (four) 4½" strips WOF from fabric F and sew end to end.

**ROW CONSTRUCTION**

All strips are sewn in the same manner. Follow the fabric placement diagram located on the next page.

- To join two triangles, position one on top of the other (right sides together) as shown on diagram.
- Start sewing at the exact intersection of the two fabrics with a ¼" seam allowance. Press seams open.
- You will notice that the tip of the top triangle shows over the edge of the bottom triangle. These are called “dog ears”. It is normal when you sew triangles and you will trim them out later.

- Continue adding triangles in the same way you did in previous step. Make sure you follow the color fabric sequence on the following page and the rows fabric combination guideline.
Sew all rights sides together with ¼“ seam allowance. Press open.

**ASSEMBLING THE TOP**

- Sew the rows together with vertical seams, matching points.
- The half triangles are then trimmed to ¼“ at the top and lower edge of the quilt center. This squares the quilt for the borders.
- Add inner border and outer borders.

**BORDERS ASSEMBLY**

Sew all rights sides together with ¼“ seam allowance. Press open.

- Align & sew the fabric D strip along the left side of the quilt center. Press open. Trim the excess fabric. Sew the remaining of the fabric D strip on the opposite side (right). Trim the excess.
- Repeat with top & bottom edges.
- Follow same previous steps for the outer border, using fabric F strip.

**QUILT ASSEMBLY**

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motives are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.
**BINDING**

Sew all rights sides together.

- Cut enough strips 1 1/2" wide by the width of the fabric to make a final strip 36 4/4" long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5" tail. Sew with 1/4" seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.

- Stop stitching 1/4" before the edge of the quilt. Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers. Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt. Start sewing at 1/4" of the border, stitching all the layers. Do the same in the four corners of the quilt.

- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).

- Trim seam to 1/4" and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
