Handkerchief Skirt

Featuring Indelible Collection by KATARINA ROCCELLA

Birdstencil AM

MATERIALS

- 2 YD of ID-2228
- Tape measure
- Tailors chalk

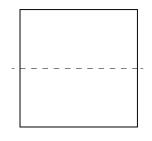

CUTTING DIRECTIONS 👈

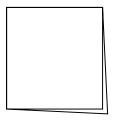

- Roughly 2 yds of fabric to create the handkerchief skirt.
- All you need is your waist measurement and divide it by 4.
- Pick a desired length.
- Fold fabric in half once and then fold it again.

DIAGRAM 1

- Take a Tape measurer and hold it at the folded corner with one hand and with the other move from corner to corner.
- For this step use the measurment of your waist divided by 4 (Example: Size 26" waist divided by 4 = 6.5)
- Mark with tailor chalk where you are going to cut.

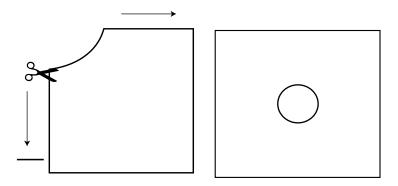

DIAGRAM 2

- Cut the corner away.
- Now measure the length of your skirt.
- To create a handkerchief skirt you need a perfect square. Make sure all sides of your skirt are the same length.
- Unfold the fabric, you should have a square with a circle in the middle. (DIAGRAM 3)

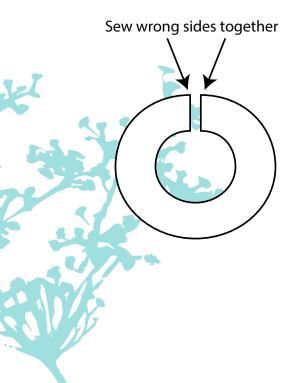

DIAGRAM 3

SKIRT CONSTRUCTION

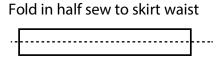

- To create the waist band measure your waist and minus two inches depending upon the stretch of your fabric.
- Make your waist band as wide as you desire.
 Keep in mind your seam allowance and that you are going to fold that rectangle in half so double the width.
- I want my waist band to be 4 inches so I add 1/4 seam allowance which is 4 1/4. Then I double it, which is 8 1/2. Sew the short sides of the waist band together.

DIAGRAM 4

- Fold the waist and in half and pin to waist of skirt.
- Serge or zigzag stitch waist band to skirt.
- Feel free to finish the hem with a pearl edge, cover-stitch or leave it raw.
