BACKING FABRIC
INB-36638- 4 yds.  (Suggested)

BINDING FABRIC
INB-26631 (Fabric C) (included)

CONSTRUCTION

Sew all right sides together with ¼" seam allowance.

- You will sew the half hexies together by column and then sew the columns together. The half hexagons should be sewn on the short diagonal side they share, right sides together. Since you are sewing at an angle be sure to match up the SEAM lines, not the cut edges. When properly matched there will be little ¼" dog ears on each side poking out. If you sew them with the cut edges matched perfectly then when opened the vertical seams will not be aligned. See the diagram below for how to properly sew the half hexie pieces together.

- While pinning the half-hexies into columns make sure that the fabric will be facing the correct way when sewn. We don’t want any upside down air balloons!

- Sew as follows (see Diagram 2 & 3):

  - **Column 1:** F > A > J > G > I > F > L > E > D > H > J > M > D > G > B > G
  - **Column 2:** H > B > C > N > E > K > A > D > C > L > A > J > F > N > M > N
  - **Column 3:** L > F > I > H > D > M > B > F > I > M > B > E > K > A > J > F
  - **Column 4:** C > K > M > L > F > J > E > K > G > J > G > D > H > B > C > K
  - **Column 5:** I > G > J > A > K > C > D > H > N > C > N > C > L > E > I > A
  - **Column 6:** M > N > E > B > E > I > C > L > A > I > A > I > G > D > E > B
  - **Column 7:** J > H > D > G > D > A > I > G > B > E > B > F > N > C > D > H
  - **Column 8:** A > L > C > N > E > B > F > N > M > D > H > K > M > I > A > L
  - **Column 9:** B > E > I > F > D > H > K > C > J > M > L > C > J > A > B > G
  - **Column 10:** C > D > M > K > C > L > M > I > A > J > E > I > C > B > F > N

Print and cut out the Half Hexie Pattern Piece. Trace onto cardstock for easier template cutting.

- Fabric A: Cut 30 Half-Hexies
- Fabric B: Cut 29 Half-Hexies
- Fabric C: Cut 22 Half-Hexies
- Fabric D: Cut 29 Half-Hexies
- Fabric E: Cut 27 Half-Hexies
- Fabric F: Cut 20 Half-Hexies
- Fabric G: Cut 21 Half-Hexies
- Fabric H: Cut 18 Half-Hexies
- Fabric I: Cut 23 Half-Hexies
- Fabric J: Cut 22 Half-Hexies
- Fabric K: Cut 19 Half-Hexies
- Fabric L: Cut 18 Half-Hexies
- Fabric M: Cut 22 Half-Hexies
- Fabric N: Cut 20 Half-Hexies
Group the columns into pairs as shown and sew all pairs together, taking care the match seam points. Sew them all in the same direction, top to bottom.

Now, sew together your 10 paired columns and sew them all in the same direction, this time the opposite way (bottom to top). This will ensure that each seam between individual columns alternates, this prevents the quilt top from skewing and distortion.

Press the quilt and cut the points off the top and bottom making it a 60’ x 80’ rectangle.
As suggested, take 4 yds of the suggested backing fabric and cut in half to obtain two (2) 72” yds units. Sew them right sides together on the longer (72”) edge, obtaining a 72” x 88” rectangle.

**QUILT ASSEMBLY**

Sew rights sides together:

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!

After you finish, trim off any excess fabric or batting, squaring the quilt to prepare to bind it.

**BINDING**

- Cut 7 strips 1½” wide by the width of the fabric to make a final strip 290” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximate 5” tail. Sew with ¼” seam allowance (using a straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.

Stop stitching ¼” before the edge of the quilt. Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers. Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt. Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.

Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).

Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.

NOTE: While all possible care has been taken to ensure the accuracy of this pattern, we are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
