FINISHED SIZE | 12' × 12'

CUTTING DIRECTIONS

1/4" seam allowances are included.

- Fabric A- CAP-VC-5007-
- Four (4) 8" square
- Fabric B- CAP-VC- 5009-
- Four (4) 6" x 10 1/2" rectangles
- Two (2) 4" 4 1/2" rectangles
- Fabric C- CAP-VC- 5006-
- Four (4) 6" x 10 1/2" rectangles
- Two (2) 4" 4 1/2" rectangles
- Fabric pieces for piecing need to be cut big enough to include the pattern and a ¼"seam allowance. It's better to cut bigger and then trim the seam allowance to size after sewing, than to underestimate. Since you trim the seam allowance after sewing pieces it's not necessary to cut the pieces precisely, so long as they are big enough.

CONSTRUCTION

Sew all rights sides together with 1/4" seam allowance.

- Follow along with the Crossed Canoes Quilt Block video tutorial by visiting Art Gallery Fabrics You Tube Channel.
- Print out four block patterns and use a old rotary blade to cut out your block patterns making sure to cut an extra 1/4" around your block.
- Fold and make crease marks on all the lines inside your block pattern.
- With your pattern piece facing down take your 8 "square from Fabric A and place it right side up centered on your piece. This is the fabric that needs to cover Section 1 on your pattern piece.

- For the beginner paper piecer using big pieces of fabric to make sure all of the sections are covered after sewing is a good idea. But once you come an expert your can use smaller pieces.
- With your glue stick apply a little bit in the middle of your pattern piece to keep your square in place.
- Now its time to move on to section 2.
- Place a 6 " x 10 1/2" rectangle from Fabric B right side together to your square. Fold over your piece and make sure the edge of your fabric is past line 2 more then a 1/4".
- To make sure this piece will cover section 2 after we sew, fold it over to see.
- Pin into place and flip piece around so you can see the lines in the pattern piece.
- Sew on the line in between Section 1 and 2 with a stitch length of 1.0.
- Fold Section 2 of your paper piece back and trim your seam allowance to 1/4".
- Fold Section 3 back and trim at 1' seam allowance.
- Place a 6"x 10 1/2" rectangle from Fabric B lined up to edge and pin into place.
- Flip piece around and sew on the line in-between Section 1 and 3.
- Fold Section 3 back and trim your seam allowance to 1/4". Its time to attach your last piece to Section 4.
- Place your 4 1/2" x 4" rectangle from Fabric C overlapping line 4. Pin into place and sew on the line. Using a clear quilting ruler square of your block trimming off the extra 1/4" around your block.
- Time for the fun part peeling of the paper, because we used a small stitch it will be easy to rip of the paper.
- Fold and pull each section off. Your first block is finished
- Make two of these blocks and then make another two blocks with your remaining fabric pieces.
- Sew your blocks together matching up seams and your Crossed Canoes Block is complete!

Congratulations & enjoy
