**QUILT ASSEMBLY**

• In this case we did NOT use batting. We just added a grid texture with contrasting thread. It is up to you to create any design with thread or just leave the bed throw simple.

• Place backing fabric on top of the front side of your throw. Stitch at ¼" in all around.

• Leave a 6" in hole and flip inside out.

• You are done!

• Quilt as desired. We created horizontal and vertical lines with a 4" in separation to add a modern texture.

NOTE: While all possible care has been taken to ensure the accuracy of this pattern, we are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
