CUTTING DIRECTIONS

¾” seam allowances are included. WOF means width of fabric.

• Pair ⅓ yard from fabric B with ⅓ yard from fabric D.

• Cut uneven strips no wider than 1” from each fabric and join them until you get a rectangle that measures 6” x 18”.

• Subcut template a, b, and d from the 22” x 16” rectangle and template c from the 6” x 18” rectangle.

CONSTRUCTION

Sew all rights sides together with ¾” seam allowance.

• Take pieces from fabric D and sew them to the top and bottom edges of the templates.

• Make sure the pieces from fabric D are long enough so the final size of the templates is greater than the height than the finished wall art (18”).

• Clean the sides of fabric D by continuing the side lines of the templates.

• Follow Diagram 2.
Joining Template a

- Take ½ yard from fabric D and template a.
- Place template a on top of fabric D towards the left side.
- Make sure the top and bottom edges of template a are longer than the height of fabric D.
- Following the side lines of template a, trim fabric D.
- Remove the piece from fabric D that you just trimmed and insert template a.
- For fabric placement and attachment follow Diagram 3.

Joining Template b

- Take the wall art and template b.
- Place template b on top of the wall art next to template a.
- Make sure the top and bottom edges of template b are longer than the height of the wall art.
- Following the side lines of template b, trim the wall art.
- Remove the piece from fabric D that you just trimmed and insert template b.
- For fabric placement and attachment follow Diagram 4.
Joining Template c

- Take the wall art and template c.
- Place template c on top of the wall art next to template b.
- Make sure the top and bottom edges of template c are longer than the height of the wall art.
- Following the side lines of template c, trim the wall art.
- Remove the piece from fabric D that you just trimmed and insert template c.
- For fabric placement and attachment follow Diagram 5.

Joining Template d

- Take the wall art and template d.
- Place template c on top of the wall art next to template c.
- Make sure the top and bottom edges of template d are longer than the height of the wall art.
- Following the side lines of template d, trim the wall art.
- Remove the piece from fabric D that you just trimmed and insert template d.
- For fabric placement and attachment follow Diagram 6.
**QUILT ASSEMBLY**

**Sew rights sides together**

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**BINDING**

**Sew rights sides together.**

- Cut enough strips 1 ½" wide by the width of the fabric to make a final strip 290" long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5" tail. Sew with ¼" seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼" before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼" of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼" and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
Congratulations & enjoy
