BACKING FABRIC
SRN-6356 (6 yds). [Suggested]

BINDING FABRIC
PE-413 (Fabric N) [Included]

CONSTRUCTION

- This quilt has a lot of room for interpretation, so don't feel obligated to match the triangles exactly as they are in the pattern! Simply match 2 squares of different fabrics together.

- Place them right sides together, draw a diagonal line and sew on each side of the diagonal line with a ¼” seam allowance. Continue until you've used all the HSTs and have 80 9 ½” squares total.

- Sew all right sides together with ¼” seam allowance. Press your squares flat.

- Cut all your 9 7/8” in half diagonally to make 160 half square triangles (HST) total.

CUTTING PREPARATIONS

Fabric A
- Cut (5) 9 7/8” × 9 7/8” squares (to be turned into 10 half-square triangles each)

Fabric B, D
- Cut (7) 9 7/8” × 9 7/8” squares (to be turned into 14 half-square triangles each)
• Arrange your squares into 10 rows of 8, either following the arrangement below or creating your own arrangement that is pleasing to your eye

• Sew the first row of (8) 9½" squares together. Continue with each row in the same way until all 10 rows are sewn together. Press flat.
• Next sew rows 1 and 2 together, then sew row 3 on to the bottom of row 2, and continue on until all 10 rows are sewn together. Press flat when finished.

• This step will completes your quilt top.
**QUILT ASSEMBLY**

*Sew rights sides together:*

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**BINDING**

*Sew rights sides together:*

- Cut 8 strips 1½” wide by the width of the fabric to make a final strip 336” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your fingers, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.

**NOTE:** While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
