**CONSTRUCTION**

Sew all rights sides together with ¼" seam allowance.

For this Table Runner we will be making two (2) different Blocks and also we will be using a 10½ x 10½ squares, let’s start by making Block Y.

**Block Y Construction:**

We will be making Twelve (12) Blocks Y (which means you will be doing this step 12 times) For Block Y we will need:
- One (1) 5½ x 1½ rectangle of fabric C
- One (1) 4½ x 1½ Rectangle of fabric C
- One (1) 4½ x 1½ Rectangle of fabric B
- One (1) 3½ x 1½ Rectangle of fabric B
- One (1) 3½ x 1½ Rectangle of fabric F
- One (1) 2½ x 1½ Rectangle of fabric F
- One (1) 2½ x 2½ Square of fabric D
- Start by attaching the 2½ x 1½ rectangle from fabric I to the bottom of the 2½ x 2½ square from fabric D.
- Take the two (2) 3½ x 1½ rectangles from fabric I and sew it to the bottom and then to the left side (See Diagram below).
- Take the two (2) 4½ x 1½ from fabric B, sew it to the bottom and then to the left side.
- Take the two (2) 5½ x 1½ from fabric C, sew it to the bottom and then to the left side (See Diagram below).

Block Y
Construction of Block X:

- We will be making Twelve (12) Blocks X (which means you will be doing this step 12 times) For Block X we will need:
  
  - One (1) 5½ x 1½ rectangle of fabric B
  - One (1) 4½ x 1½ Rectangle of fabric B
  - One (1) 4½ x 1½ Rectangle of fabric F
  - One (1) 3½ x 1½ Rectangle of fabric F
  - One (1) 3½ x 1½ Rectangle of fabric D
  - One (1) 2½ x 1½ Rectangle of fabric D
  - One (1) 2½ x 2½ Square of fabric E

- Start by attaching the 2½ x 1½ rectangle from fabric D to the bottom of the 2½ x 2½ square from fabric E.
- Take the two (2) 3½ x 1½ rectangle from fabric D and sew it to the bottom and then to the left side (See Diagram below).
- Take the two (2) 4½ x 1½ from fabric I, sew it to the bottom and then to the left side.
- Take the two (2) 5½ x 1½ from fabric B, sew it to the bottom and then to the left side (See Diagram below).
After you have all your blocks done

- Twelve Blocks Y
- Twelve Blocks X
- 10 Squares of 10½ x10½ from Fabric A.

We can start building our Block Z.

- First we will sew Block Y and Block X and Block X and Block Y
- Now place YX at the top and XY at the bottom
- Repeat this step four (5) more times. You should have 6 blocks Z
After building Blocks Z. Now we can sew our table Runner. Pair Block Z with a 10½ x 10½ square and (Repeat 1 more time), you should get two of these.

Pair a 10½ x 10½ square with Block Z and a 10½ x 10½ square (Repeat 3 more times) You should have 4 of these.
Arrange the rows as diagram below, notice that the top and the bottom have only Block Z and the $10\frac{1}{2} \times 10\frac{1}{2}$ square from fabric A.
• Quilt as desired
• Place Fabric G and the table runner Block right sides
  Together and sew ¼” around the table runner block leaving
  Approx 3” to 4” (See Diagram 10)
• Cut the excess, folded inside out and sew the opening by hand
Congratulations & enjoy
