**DIAGRAM 1**
After you cut all patterns with designated fabric. We will start building the left side of the pillow first. Sew P1L > P2L > P3L > P4L. Make sure to match the notches on each curve before you sew, we recommend to pin fabrics before sewing.

After sewing all left patterns you will get the Left Block. See diagram below.
Sew pattern P1R > P2R > P3R make sure to match notches that will help you to sew curves smoothly.
After sewn all right side patterns you will get your right Block. See diagram below.

Once we have Right Block and Left Block we can sew them together. (See diagram below)
Now Take the two (2) Squares of 3” x 3” from fabric E and sew them on top left corner and the other one on right bottom corner. Then cut the excess and press seams towards the darkest fabric. See diagram below.
