CONSTRUCTION

• Fuse your woven fusible to both the background and backing fabrics.
• To all of your squares apply Steam- A-Seam to the wrong side of the fabric.
• Following the Diagram place all your different size squares.

• Once you have all your squares placed the way you like, give them a good press to set them into place.

• Stitch 1/8” to 1/8” around every square to secure into place.

• Trim your piece to a 24” x 38” rectangle.

• Place batting behind your rug and to secure your batting triple stitch around each block with a contrasting thread to frame your squares.

• Trim your excess batting off and place your backing and front rug right sides together and sew around your entire piece at 1/2”, leaving a small unsewn portion to flip your piece right side out.
• Flip your piece out through the unsewn portion and tuck and press your raw edges in. Topstitch around your entire piece at 1/4”.

• Place your rug by your front door, in your kitchen, or any place your home may need a pop of color!

Congratulations & enjoy
