Square in a Square Unit

• Take four 2 1/2" squares from Fabric B making sure fabric is going in the same direction. Draw a diagonal line with a fabric marking pen like this. (Diagram 1)

• Place on each corner of a 4 1/2" square from Fabric A and sew on the line you drew.

• Trim your excess fabric to 1/4". Repeat this same process with your other two corners, to reveal your square within a square block.

Four At A Time HST’S

• Take a 7 1/8” square from Fabric E and B and place right sides together. Sew 1/4” around the entire square. (Diagram 2)

• Cut on each diagonal to reveal four E/B HST's. Press open and square blocks to 4 1/2” (Diagram 3)

• Draw a diagonal line from corner to corner with a fabric marking pen to the wrong side of your 2" squares from Fabric C.

• Place four squares right sides together to each corner of your HST’s like this. (Diagram 4) Sew on the line you drew and trim your seam allowance to 1/4".

• To create your remaining block units take all of your 2” x 3” strips from Fabric D and place out in front of you as follows.

• Next take your remaining 2” squares from Fabric C and place to the ends of each strip like this!

DIAGRAM 5

• Sew on the line you drew and trim excess fabric to 1/4” and press open.

• Sew these units to each side of a 1 1/2” x 3” strip from Fabric E. Make four of these units.

DIAGRAM 6

• Draw diagonal lines on the wrong side of the fabric on all your 2” squares from Fabric D with half your lines going to the right and the other to the left with the fabric placed in the same direction.

• Place right sides together to the ends of your 2” x 4 1/2” strips from Fabric C. Sew on the line you drew and trim your seam allowance to 1/4”

DIAGRAM 7

• Sew these units to the bottom of your previous units to create your remaining four blocks.

• Now you have all the units to create your blocks.

• Place the units out following the block design and sew them into three rows.

• Sew your rows together alternating seams and sew your rows together matching up seams.
