CONSTRUCTION

Sew all rights sides together with ¼" seam allowance.

- This Quilt is made out of 6 different blocks and each block will be made seven (7) times.
- Start by making the HST, for this we will use the magic 8 method.
- We will have two different HST sizes. HST of 3" and HST of 1"

**Magic 8 Method**

To make the Half Square Triangles 8 at a Time place two equal size squares of fabric Right Sides Together (RST)

Mark a diagonal line across both diagonals on the wrong side of the top fabric square

Using your rotary blade or scissors cut the square into eighths as pictured above. You will cut a horizontal line, vertical line, and on both drawn diagonal lines.

Open the blocks outward and lightly press. Be very careful to only press up and down, NOT back and forth so as not to stretch them. Your seam should be pressed (both layers) toward the darker color.

**Fabric I:**
- Cut Three (3) WOF x 7¾
  Sub-cut
- Eleven (11) 7¾ x 7¾ squares

Use the magic 8 method to get the 1" HST.
Take Forty two (42) 3¾ x 3¾ squares from fabric B and pair them with:
- Seven (7) 3¾ x 3¾ squares from fabric A
- Seven (7) 3¾ x 3¾ squares from fabric D
- Seven (7) 3¾ x 3¾ squares from fabric E
- Seven (7) 3¾ x 3¾ squares from fabric F
- Seven (7) 3¾ x 3¾ squares from fabric G
- Seven (7) 3¾ x 3¾ squares from fabric H

You should get six different HST of 1" combinations (See diagram below)
Take twenty two (22) 7¾ x 7¾ squares from fabric C and pair them with:

- Eleven (11) 7¾ x 7¾ squares from fabric I
- Eleven (11) 7¾ x 7¾ squares from fabric D.

Do the magic 8 method. You will get 84 HST from fabric C-I and 84 HST from fabric C-D (See Diagram 3).

### Block 1:

**Step 1**

Take a HST from fabric C-D and attach a 1½ x 3½ strip from fabric B to the top, and 1½ x 3½ strip from fabric A to the bottom.

**Step 2**

Take two (2) HST from fabric BA and attach one to 1½ x 4½ strip from fabric B and the other HST attach it to 1½ x 4½ strip from fabric A. Pay attention to the direction of the HST. See Diagram below for reference.

**Step 3**

Take the two strips you just sew and attach it to the block on step 1. See Diagram 6.
Note:
This is how your block will look. You need four (4) of this Blocks to create block 1

Arrange Block 1 as shown on diagram below and sew by rows, then sew rows together. This quilt require seven (7) blocks 1.

Block 2:
Follow the same steps from Block 1, but replace fabric A for fabric E.
(You will need seven (7) Blocks 2)

Block 3:
Follow the same steps from Block 1, just replace fabric A for fabric F. (You will need seven (7) Blocks 3)

Block 4:
Follow the same steps from Block 1, but replace fabric A for fabric G, and replace the 3” HST from fabric C-D to HST from fabric C-I on step 1. (You will need seven (7) Blocks 4).

Block 5:
Follow the same steps from Block 1, but replace fabric A for fabric D, and replace the 3” HST from fabric C-D to HST from fabric C-I on step 1. (You will need seven (7) Blocks 5)

Block 6:
Follow the same steps from Block 1, but replace fabric A for fabric H, and replace the 3” HST from fabric C-D to HST from fabric C-I on step 1. (You will need seven (7) Blocks 6)
Arrange Blocks as shown on diagram below, sew by rows, then sew rows together. Follow Diagram below for blocks arrangements.

**Quilt Assembly**

Sew rights sides together:

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**Binding**

Sew rights sides together:

- Cut enough strips 1½” wide by the width of the fabric F to make a final strip 26½” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.

**Note:** While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
