</tr>
</tbody>
</table>

CUTTING DIRECTIONS

¼” seam allowances are included.

• One (1) 4 1/2” square from Fabric A
• One (1) 6 1/2” square from Fabric B and C
• Two (2) 5 1/2” squares from Fabric B and C
• One (1) 5 1/2” squares from Fabric D and E

CONSTRUCTION

Sew all rights sides together with ¼” seam allowance. HST stands for Half Square Triangles

• To make the center of your block take a 6 1/2” square from Fabric B and C. Place them right sides together and sew around your pieces at 1/4”.
• Now cut your squares on both diagonals to reveal four HST’s.

• Pair your HST’s together with each stack facing different diagonals. Cut your HST’s opposite the seam line to reveal eight triangles.
• You will only need four of these triangles. Making sure you choose the ones with the strawberry print on the right and the green popsicles on the left of the triangle.

• To sew your triangles to your 4 1/2” square from Fabric A find the center of your square by folding it in half and finger press to make a crease mark.
• Line your triangles up with your crease mark and pin into place. Sew your triangles to your square at 1/4”.
• Press your triangles open and repeat this same process to attach your other two triangles to make a block that looks like this!
• Square up your block to 6 1/2”.
• Now it's time to make the outer rows of your block! Pair a 5 1/2” square from Fabric B and C, a pair from B and D and another pair from Fabrics E and C.

• Place your squares right sides together and sew around your entire squares at 1/4". Repeat same process in Diagram 1.

• To reveal all your HST’s cut on both diagonals and press open and square your HST’s up to 2 1/2”.

• To create your side rows sew a B/D HST to a E/D HST following Diagram 4.

• Sew these rows to your center block unit.

• Sew your remaining B/D and E/D HST’s together just like how we created our side rows then sew a B/C to each end to create your top and bottom rows. Follow Diagram 6.

• Sew your top and bottom rows to your center block and your Gentle Breeze Block is complete.

NOTE: While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies. Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
