**CUTTING DIRECTIONS**

Two (2) template from fabric A, B, C & D

One (1) Backing circle from fabric B.

**BACKING & TEMPLATE DRAFT**

- Measure the chair you are planning to use for this project.
- Draft a circle using the diameter of your pillow measurement.
- In this case we did a 12” D circle.
- Before moving on with the pattern, cut your backing circle using fabric B.
- Add ¼” to your backing circle for seam allowance.
- Set aside.
- Continue with the pattern draft.
- Now, make a cross tracing one vertical line on the center of the circle and one horizontal line on the center too.
- Make an X tracing one diagonal line from the left bottom to the right top of the circle, make sure it is centered.
- Then trace another line from the left top to the right bottom of the circle, make sure it is centered.
- Cut one of the cone pieces.
• Add ¼" to your backing circle for seam allowance.
• Voila! the template is ready.

CONSTRUCTION

Sew all rights sides together with ¼" seam allowance.

• Take one template piece from each fabric A-D.

• Attach one C fabric template to one B fabric template.
• Attach one D fabric template to one A fabric template.

• Repeat one more time in order to end up with two CB and DA.

• Attach the CB to the DA creating two semi-circles.

• Attach the two semi-circles creating one circle.

• It is recommended to add batting on the back of the pillow front.
• Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
CREATE THE PILLOW BACK

- Place the pillow front on top of the backing fabric, right sides of fabrics together.
- Sew around at 1/4" from the edge leaving a gap in the bottom.
- Turn the pillow to the right side, use some pillow fill to structure it and handstitch the gap.

Congratulations & enjoy

NOTE: While all possible care has been taken to ensure the accuracy of this pattern, We are not responsible for printing errors or the way in which individual work varies.
Please read instructions carefully before starting the construction of this quilt. If desired, wash and iron your fabrics before starting to cut.
