• This Table Runner is made out of 3 different Blocks which we will call Block X, Block Y1 and Block Y2.
• Block X is made out of two different sizes of HST 1” and 2”
• We will start by making our HST and we will be using the magic 8 method.

**CONSTRUCTION**

Sew all rights sides together with ¼”seam allowance.

- Fabric K
  - Cut one (1) WOF x 1 ½
  - Sub Cut
  - Twenty four (24) 1½ x 1½ squares

**HST CONSTRUCTION**

Magic 8 method:
- Take twenty three (23) 3¾ x 3¾ squares from fabric A and J.
- Take seventeen (17) 5¾ x 5¾ squares from fabric A and J.
- Take one (1) 5¾ x 5¾ squares from fabric B and J.
- Take two (2) 5¾ x 5¾ squares from fabric C and J.
- Take three (3) 5¾ x 5¾ squares from fabric D and J.
- Take four (4) 5¾ x 5¾ squares from fabric E and J.
- Take six (6) 5¾ x 5¾ squares from fabric G and J.
- Take five (5) 5¾ x 5¾ squares from fabric H and J.
- Take one (1) 5¾ x 5¾ squares from fabric I and J.

To make the Half Square Triangles 8 at a Time place two equal size squares of fabric Right Sides Together (RST)

Mark a diagonal line across both diagonals on the wrong side of the top fabric square

Using your rotary blade or scissors cut the square into eighths as pictured above.
You will cut a horizontal line, vertical line, and on both drawn diagonal lines.

Open the blocks outward and lightly press. Be very careful to only press up and down, NOT back and forth so as not to stretch them. Your seam should be pressed (both layers) toward the darker color.

Block X
We will start by building the center piece of Block X. For this part we will be using the 12 HST of 1 ½ from fabric A-J for each Block X, and four 1 ½ squares from fabric A. Follow diagram 4 for row arrangement.

- Take twelve (12) 1½ HST of fabric A-J, and sew them together in two (2) groups of six HST.
- You will need to repeat this step four more times, since you need two (2) sets of six HST per block.

Notice that HST are placed in same direction.

Attached a 4½ x 1½ strip from fabric J to the top and the bottom of the center piece of block X.

Attached a 6½ x 1½ strips to the right and left side (See Diagram 6 for reference).

- Attached one set of six HST to the right side of the block, and the other set to the left side of the block.
- Pay attention to the direction of Fabric J (See diagram below).

Take 1½ square from fabric J, six HST of A-J and a 1½ square from fabric A, sew them together as shown on diagram below. (Repeat this step 9 more time). You will need two of this for each Block X.
- Pay attention to the direction of the HST.
• Attached J-A-J-A to the top side of the block, making sure that the square from fabric J is placed to the left side and square from fabric A to the right side.
• Place the other J-A-J-A to the bottom side of the block, making sure that this time the square from fabric A is placed on the left side of the block and the square from fabric J to the right side. (See diagram below)

![Diagram 10](image)

• Take eight (8) 2½ HST of fabric A-J, and sew them together in two (2) groups of four HST.
• You will need to repeat this step four more times, since you need two (2) sets of four HST per block.
• Notice that HST are placed in same direction.

![Diagram 11](image)

• Attached one set of four HST to the right side of the block, and the other set to the left side of the block.
• Pay attention to the direction of Fabric A towards the inside of the block. (See diagram 12)

![Diagram 12](image)

• Take 2½ square from fabric J, four (4) HST of fabric A-J and a 2½ square from fabric A, sew them together as shown on diagram below. (Repeat this step 9 more time) You will need two of this for each Block X. Pay attention to the direction of the HST.

![Diagram 13](image)

• Attach one of the previous sew 2½ squares and HST to the top side of the block, making sure that the square from fabric A is placed to the left side and square from fabric J to the right side.
• Place the other 2½ squares and HST to the bottom side of the block, making sure that this time the square from fabric J is placed on the left side of the block and the square from fabric A to the right side. (See diagram below)

![Diagram 14](image)
Take the strips of 1½ x 12½ and attach it to the sides of the block.

This is how Block X will look. You have to have Five (5) Blocks X.

Block Y

This Block is made out of HST (Half Square Triangles)

Start by sewing each HST in a horizontal per row, then sew rows (Repeat this step 7 times more. You should have in total EIGHT (8) blocks Y)

Take one (1) 1½ x 12½ strip from fabric A, and attach it to the right side of the block Y repeat the same step three more times. This will be Block Y 1
For the other four blocks, attach the 1½ x 12½ strip from fabric A to the left side block and we will call this Block Y 2.

You should have:
Five (5) Blocks X
Four (4) Blocks Y1
Four (4) Blocks Y2

Strip Set 1
Take four (4) 1½ x 1½ squares from fabric K and four (4) 12½ x 1½ strips and sew them. Following the order on diagram below. (Repeat this step one more time)
This will be strip set 1

Strip Set 2
Take four (4) 1½ x 1½ squares from fabric K and three (3) 12½ x 1½ strips and sew them. Following the order on diagram below. (Repeat this step one more time)
This will be strip set 2

Strip Set 3
Take three (3) 1½ x 1½ squares from fabric K and two (2) 12½ x 1½ strips and sew them. Following the order on diagram below. (Repeat this step one more time)
This will be strip set 3
Take a block X and a Block Y1 and sew them.

Take block Y2, block X, block Y1 and sew them. See diagram below (Repeat this step 2 more times)

Take one Block Y2 and block X and sew them.

**BINDING**

*Sew rights sides together:*

- Cut enough strips 1½” wide by the width of the fabric A to make a final strip 196” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.

- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.

- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).

- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
