CONSTRUCTION

Sew all rights sides together with ¼” seam allowances.

- Start with the construction of the HST’s
- To accomplish the HST construction take the 7¾” squares from fabrics A, B, H, I, J.
- Using a water-soluble marker, mark a diagonal line across the wrong side of all J squares.

- For Fabric A, make sure to cut two squares from left to right and two from right to left.
- This way you will be able to maintain the direction of the fabric.

- Take (1) 7¾” × 7¾” square from Fabric J and (1) Template 1 and place it on top of the block as in the diagram below.
- Top stitch around the petal using straight stitch or zig zag stitch.
- Then, cut at the diagonal.
• Pair one unit on one corner of Fabric A 10½” x 10½” square and the other half on the other corner of the piece.

• Repeat the same previous steps in order to complete your central block.

• Take Fabric Template C, D, E, F and (32) 7½” x 7½” squares from Fabric J and pair each petal as in the diagram below.

• Use straight stitch, zig zag stitch.

• Gather your assembled blocks and the 7½” x 7½” squares from Fabrics A and B and follow the diagram on the next page for each unit assembly.
• Pair each row in order to finish your quilt top.
QUILT ASSEMBLY

Sew rights sides together.

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

BINDING

Sew rights sides together.

- Cut enough strips 1½” wide by the width of the fabric D to make a final strip 290” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
