ANGLES A DIVISION OF AGF
CONSTRUCTION

Sew all right sides together with ¼" seam allowance.

- We will be constructing a lock cabin around the hexie template.
- Start by taking the Template from fabric A and the 1½" x 6" strips from fabrics B and C.
- Sew one B strip on the top edge of the hexie.

One (1) Hexie template from fabric A.
Three (3) 1½" x 6" strips from fabrics B and C.
Three (3) 2½" x 12" strips from fabrics D and E.
• Now, sew one C strip on the right top edge of the hexie.

DIAGRAM 3

• As you previously did for the first strip, use your quilting ruler and the rotary cutter to trim the excess fabric from strip.

DIAGRAM 4

• Keep adding the B and C strips on the remaining hexie edges going clockwise and alternating the fabric strips.
• Attach and trim until you are done with all the B and C strips.

DIAGRAM 5

• Now bring the 2½" x 12" strips from fabrics D and E.
• Sew one D strip on the top edge of the hexie.

DIAGRAM 6

• Use your quilting ruler and the rotary cutter to trim the excess fabric from D strip.
• Now, sew one E strip on the right top edge of the hexie.

• Trim the excess fabric from strip.

• Keep adding the D and E strips on the remaining hexie edges going clockwise and alternating the fabric strips.

• Attach and trim until you are done with all the D and E strips.
