EXTRA MATERIALS

Interfacing

One 12" round dowel stick.

Cord or twine.

CUTTING DIRECTIONS

¼" seam allowances are included.
WOF means width of fabric.

One (1) 25½" x 11" strip from fabrics **A** and **B**.

One (1) Template from fabrics **A** and **B**.

Two (2) 6½" x 3" rectangles from fabric **C**.

CONSTRUCTION

Sew all rights sides together with ¼" seam allowance.

- Take the 25 ½" x 11" strip from fabric **A** for the basket exterior, place batting to the wrong side of fabric and quilt as desire, then fold it in half.
- Sew the long edges together to create a cylinder.

DIAGRAM 1

- Bring the bottom template from fabric **B** and align the seam with the pattern notch, wrong side of fabrics facing you.
- Pin the cylinder all the way around the pattern.
- Sew all the way around, when you are done make tiny cuts to the round side in order to allow the basket bottom to fit smoothly.
- Turn the basket inside out.
- Set aside.

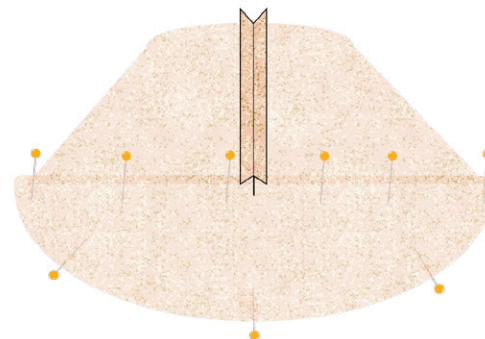

DIAGRAM 2

- Now, bring the 25 ½" x 11" strip and bottom Template from fabric **B** for the lining and iron the interfacing.
- Repeat the steps from diagram two with the fabric **B** lining but this time leave an opening of about 3" in the lining bottom to be able to turn it inside out later on.

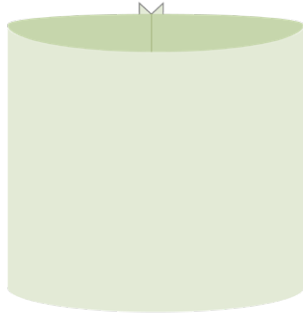

DIAGRAM 3

- Now, that the exterior basket and lining are ready, insert the exterior (**A** basket) inside of the lining (**B** basket) right sides of fabrics together, align and secure it with pins.
- Sew all the way around.

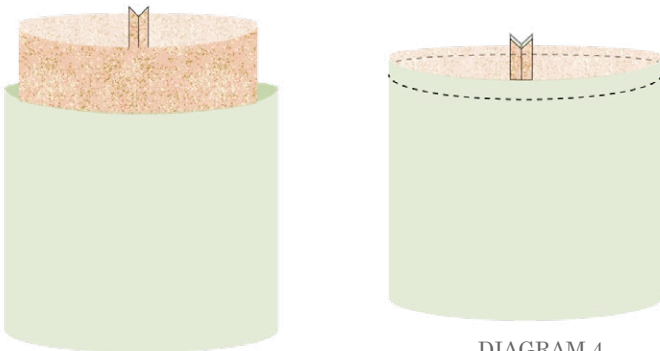

DIAGRAM 4

- Use the 3" opening to turn the basket inside out and handstitch to close it.
- Top stitch the basket.

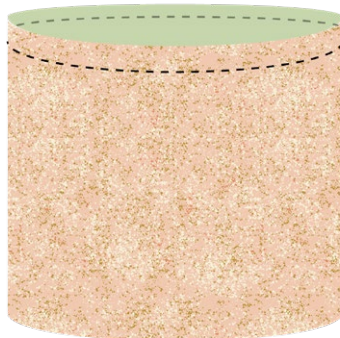

DIAGRAM 5

- Bring the 6½" x 3" strip from fabric **C** for the straps.
- Fold them in half on the long side of the rectangle, (individually) and press it to make a guide mark.
- Unfold the strips.

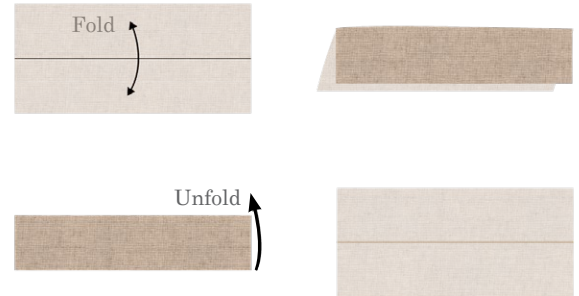

DIAGRAM 6

- Bring the long edges towards the center line and Iron press.
- Fold them in half and Iron press again.
- Top stitch the long sides.

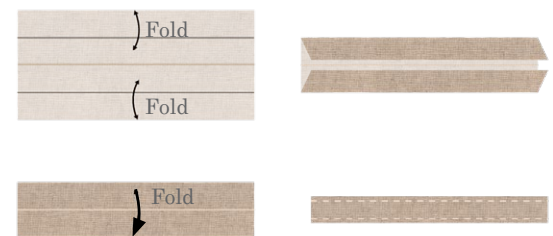

DIAGRAM 7

- Fold the strap, and align it to the flat top edge of the basket.
- Pin the straps in place and sew them ¼" away from the edge.

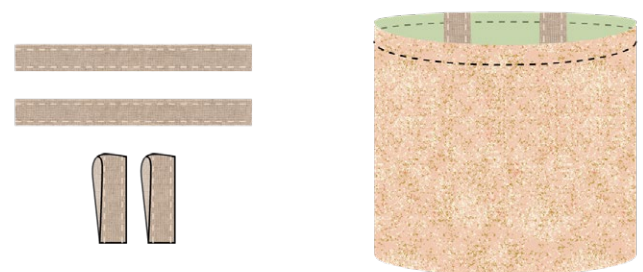

DIAGRAM 8

- Fold the straps towards the opening and iron press.
- Top stitch the straps to hold them in place.

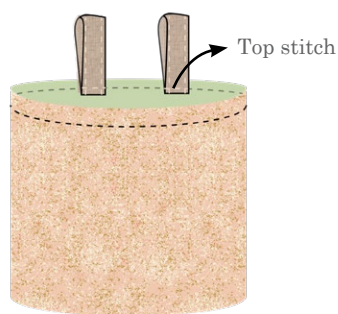

DIAGRAM 9

- Insert the dowel stick inside the straps.
- Define your decided hanging length and tie the twine to each side of the stick.
