• Take (2) 19½" squares of fabric G (Lining) 
Sew both sides and bottom together, using 
¼" seam allowance.
• Insert the main bag inside the lining body, 
so the right sides are together. Match all the 
seamlines and pin. (See Diagram below for 
reference.

• Beginning at a side seam, stitch a ¼" seam 
almost all the way around the tote, stopping 
4" before the starting point. That will give 
you ample room for turning.
• Pull both fabrics through the 4" gap, turning 
the tote bag right-side out.
• Top-stitch around the tote bag’s entire opening 
to finish edges.

![Diagram 22](image)

• Cut the webbing strap in two equal pieces. 
You should end up with (2) 22½" long web-
bing straps.
• Fold ¼" on each end of the webbing strap 
and edge stitch from the fold.

![Diagram 23](image)

• Measure about 4" from the sides of the tote, 
and lined up to the ¾" from the top of the 
bag.
• Pin the strap and sew. Repeat the same 
step on the other sides.
