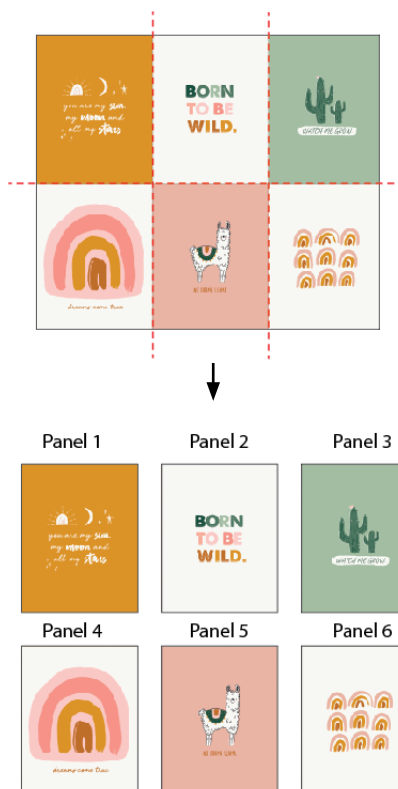

DIAGRAM 1

XX

- [illegible]

The diagram illustrates the transformation of a rectangular quilt block into a square. On the left, a rectangular block is shown with a width of 14" and a height of 18". It features a 4" wide border on the top, bottom, and left sides, and a 2" wide border on the right side. The central area contains a 3x3 grid of nine stylized, multi-colored arches. An arrow points to the right, where the transformed square block is shown. This square block is 14" wide and 14" high. The border has been redistributed: the top and right borders are now 4" wide, while the bottom and left borders are 2" wide. The central 3x3 grid of arches remains in the same position.

- **For pillow 3** take both 12½" x 14" rectangles from fabric **H**.
- Fold one 12½" edge ½" towards the wrong side of the fabric of each rectangle.
- Fold the same edge ½" again and edge stitch the fold in place to have a clean edge.
- Take the quilted pillow top and lay it flat right side up.
