CONSTRUCTION

Sew all rights sides together with ¼" seam allowance.

**Template 1 assembly:**

- Start by joining one (1) template 1b from fabric A with one (1) template 1a from fabric N, following the diagram below.
- Create a total of four (4) pieces of AN1 in total.

**Template 2 assembly:**

- Join one (1) template 2b from fabric A with one (1) template 2a from fabric N, following the diagram below.
- Create a total of four (4) pieces of AN2 in total.
To trim your pieces, take the trimming template 2 and align it with the seam allowance in order to trim to a 10½” x 5½” rectangle.

Repeat the same instructions for the following fabric combinations:

Flying Geese Construction:

- Take two (2) 5½” squares from fabric N and one (1) 10½” x 5½” rectangle from fabric A.
- Place one (1) fabric N square on top of the fabric A rectangle.
- Align it to the left side of the rectangle, right sides facing together and draw a diagonal line on top of the square following the diagram below.
- Stitch on the drawn line.
- Trim excess fabric leaving ¼” seam allowance and press open.

Assembling the blocks:

- Join one (1) AN1 with one (1) AN2.
- Then, join one (1) NAN to the top part of the assembled unit.
- Repeat the same instruction in order to create a total of four (4) block 1.
- Join one (1) DN 1 with one (1) DN 2.

![Diagram 15](image)

- Then, join one (1) NDN to the top part of the assembled unit.

- Repeat the same instruction in order to create a total of six (6) block 2.

![Diagram 16](image)

- Join one (1) EN1 with one (1) EN2.

![Diagram 17](image)

- Then, join one (1) NEN to the top part of the assembled unit.

- Repeat the same instruction in order to create a total of three (3) block 3.

![Diagram 18](image)

Template 2 assembly:

- Join one (1) template 3b from fabric B with one (1) template 3a from fabric N following the diagram below.

- Create a total of six (6) pieces.

![Diagram 19](image)

- To trim your pieces, take the trimming template 3 and align it with the seam allowance in order to trim to a 8” x 5½” rectangle.

![Diagram 20](image)

- Now, join one (1) template 4b from fabric B with one (1) template 4a from fabric N.

- Create a total of six (6) pieces.

![Diagram 21](image)

- To trim your pieces, take the trimming template 4 and align it with the seam allowance in order to trim to a 8” x 5¼” rectangle.

**QUILT ASSEMBLY**

*Sew rights sides together*

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**BINDING**

*Sew rights sides together*

- Cut enough strips 1 ½” wide by the width of the fabric L to make a final strip 300” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
Congratulations & enjoy
