QUILT ASSEMBLY

Sew rights sides together.

· Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.

· Place BATTING on top of backing fabric.

· Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.

· Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.

· Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
• After you finished, trim excess of any fabric or batting, squaring it.

• Take three (3) 2½" x WOF strips and sew them together on the short edge.

• You should end up with a 12½" strip, subcut it so it ends up measuring 11½".

• Add batting and quilt the strip if desired.

• Take the 28½" square from fabric J and start sewing the 112" x 2½" strip all around it.

• Trim the excess fabric and sew the two matching ends of the strip.

• Place the main block on the other side of the 112" x 2½" strip, facing right sides together and sew the same way you sew the strip to the 28½" square from fabric J. Leave an opening that measures around 3" to 4".

• Turn the pillow right side out.

• Using pillow stuffing fill up the pillow and close the opening by hand.

• Enjoy.
Congratulations & enjoy
