CONSTRUCTION

Sew all right sides together with ¼” seam allowance.

Magic 8 technique:

• Place one (1) 10” square from fabrics A and B right sides facing together.
• Draw a line diagonally corner to corner using a mechanical pencil or frixion pen.
• Stitch at ¼” from each side of the drawn lines.
• You will cut a horizontal line, vertical line, and on both diagonal lines, following the diagram below.
• Trim each HST to 4½” square. You will have a total of eight (8) HST.

Repeat the same Magic 8 instructions for the following 10” squares of the following fabric combinations:

Half Square Triangle (HST) Construction:

• Take two (2) 4½” fabric squares.
• Draw a line diagonally corner to corner using a mechanical pencil or frixion pen.
• Stitch at ¼” from each side of the drawn lines.
• Cut the pieces apart along the marked diagonal line.
• Press and trim to a 4½” perfect square.

Repeat the same construction in order to create a total of four (4) GO hst’s following the diagram below.

Join two (2) 16⅞” squares from fabric A and B.
Flying Geese Construction:

- Take one (1) 8½” x 4½” rectangle and two (2) 4½” squares.
- Place one (1) 4½” square on top of the 8½” x 4½” rectangle.
- Align it to the left side of the rectangle, right sides facing together and draw a diagonal line on top of the square following the diagram below.

![Diagram 9]

- Stitch on the drawn line.
- Trim excess fabric leaving ¼” seam allowance and press open.

![Diagram 10]

- Take one (1) 4½” square and align it on the right side of the fabric 8½” x 4½” rectangle, right sides facing together.
- Draw a diagonal line on top of the square.
- Stitch on the drawn line and then press open.

![Diagram 11]

- Follow the diagram below for each flying geese fabric combination.

![Diagram 12]
• Take your HST from fabric GO and join them following the diagram below. 

Center block

• Follow the diagram below for rows 1 through 4 assembly.

</tbody>
</table>

• Now, join two (2) 16½" AB hst on each side of your assembled piece.
• For row 10, take two (2) BEB, two (2) EFE, two (2) BJB, two (2) JFJ, two (2) BMB, two (2) MFM, two (2) FOF, two (2) OBO, two (2) GBO and Center block and join each piece following the diagram below.

• Follow the diagram below for rows 5-15 assembly.
• Follow the diagram below for rows 16-19 assembly

• Join all rows together in order to complete your quilt top.

**DIAGRAM 20**
**QUILT ASSEMBLY**

*Sew rights sides together.*

- Place BACKING FABRIC on a large surface wrong side up. Stretch it with masking tape against that surface.
- Place BATTING on top of backing fabric.
- Place TOP on top of the batting with right side facing up. Smooth away wrinkles using your hands.
- Pin all layers together and baste with basting thread, using long stitches. You can also use safety pins to join the layers.
- Machine or hand quilt starting at the center and working towards the corners. Remember that quilting motifs are a matter of personal preference. Have fun choosing yours!
- After you finished, trim excess of any fabric or batting, squaring the quilt to proceed to bind it.

**BINDING**

*Sew rights sides together.*

- Cut enough strips 1½” wide by the width of the fabric to make a final strip 330” long. Start sewing the binding strip in the middle of one of the sides of the quilt, placing the strip right side down and leaving an approximated 5” tail. Sew with ¼” seam allowance (using straight stitch), aligning the strip’s raw edge with the quilt top’s raw edge.
- Stop stitching ¼” before the edge of the quilt (DIAGRAM B1). Clip the threads. Remove the quilt from under the machine presser foot. Fold the strip in a motion of 45° and upward, pressing with your fingers (DIAGRAM B2). Hold this fold with your finger, bring the strip down in line with the next edge, making a horizontal fold that aligns with the top edge of the quilt (DIAGRAM B3). Start sewing at ¼” of the border, stitching all the layers. Do the same in the four corners of the quilt.
- Stop stitching before you reach the last 5 or 6 inches. Cut the threads and remove the quilt from under the machine presser foot. Lay the loose ends of the binding flat along the quilt edge, folding the ends back on themselves where they meet. Press them together to form a crease. Using this crease as the stitching line, sew the two open ends of the binding with right sides together (you can help yourself marking with a pencil if the crease is difficult to see).
- Trim seam to ¼” and press open. Complete the sewing. Turn binding to back of the quilt, turn raw edge inside and stitch by hand using blind stitch.
Congratulations & enjoy
