DIAGRAM 1

CONSTRUCTION

Sew all rights sides together with ¼" seam allowance.

- Use the measurement shown on diagram below to position the template 1 on one (1) 10½" square from fabric **D** and using an erasable pen trace template 1 onto fabric **D**. Now place one (1) 10½" square from fabric **A** under the 10½" square from fabric **D** and pin both fabrics to secure them.
- Sew ¼" away from the pen trace you made from template 1. See diagram below for reference.

DIAGRAM 2

- Using a small scissors start cutting only the top fabric layer following the pen trace from template 1, and using steam a seam or double sided fusible interfacing, place templates 2, 3, 4, 5 and 6 from fabric **B** as shown on the diagram below.

DIAGRAM 3

- Join one (1) $10\frac{1}{2}$ " x $1\frac{1}{2}$ " strip from fabric **E** on the top and bottom of the previously sewn piece.

DIAGRAM 4

- Join one (1) $12\frac{1}{2}$ " x $1\frac{1}{2}$ " strip from fabric **E** on each side of the same piece.

DIAGRAM 5

- Join one (1) $12\frac{1}{2}$ " x 2" strip from fabric **D** at the top and bottom and one (1) 14 " x $1\frac{1}{2}$ " strip from fabric **D** on each side of the same piece.

DIAGRAM 6

- Sew one (1) $14\frac{1}{2}$ " x $5\frac{1}{2}$ " strip from fabric **F** on the top of the same piece. See diagram below for reference.

DIAGRAM 7

- Using an erasable pen draw a stem and with double sided fusible interfacing place template 7 and 8 as shown on diagram below, be careful with the drawn stem since the heat erases the pen mark, re apply with the pen the stem mark if is necessary.
- Place batting on the wrong side of the same piece and quilt as desired. Following the stem mark make a nice hand decorative stitch preferably chain stitch. Also quilt one (1) $14\frac{1}{2}$ " x 19" rectangle from fabric **F** (Back of the lunchbag piece).

DIAGRAM 8

- Now take both quilted pieces, place them right sides facing each other and sew both sides and bottom, leaving the top open.
- Repeat the same process for the lining, but for the lining leave about 2" unsewn on one side.
- See diagram below for reference.

DIAGRAM 9

- Now, match up the bottom corners to each other and fold, forming a diamond shape.

DIAGRAM 10

- On each diamond shape, measure 2" down from the point and mark a straight line with water soluble pen.

DIAGRAM 11

- Sew a straight line, then cut the excess fabric, leaving $\frac{1}{4}$ " - $\frac{1}{2}$ " of seam allowance.
- Repeat the same instructions for the lining piece.

DIAGRAM 12

- Now, turn your piece inside out.
- Now, insert your main lunch bag inside the lining and sew the top part.
- Pull the main fabric through the opening side from the lining.
- Press and steam.
